NEWS OF THE MORNING.

We have a large budget of news this morning. Congress has adjourned in great confusion, the Army bill having fallen through, the House being unwilling to trust the President, and standing by the Kansas amendments. It is said that an extra session is called, though our reports do not make it certain. Honor to the Representatives of the Free People! The vote on receding from the amendments was 98 to 103.

Another exhibition of Congressional ruffianism has been made, a Virginian being the assailant this time.

The news by the *Baltic* is of a decline in breadstuffs, but private advices must have been favorable, for we notice an advance in New York. The insurrection in Spain seems to be at an end for the present, Saragossa, the principal rallying point of the Cortes party, having yielded.

We have rumors of a startling character from Kansas, but coming from Pro-Slavery sources they must be considered doubtful. It is quite probable that a collision may have taken place between the Free State men and the Ruffians, for it is not in human nature to endure everything. Later accounts give a greater semblance to the rumor. We must get full particulars in a day or two.

The item received last night of an attack by free state men on a party of southerners will not, in all probability, pass into history in that form. We shall have the facts soon, if there is any foundation for the story.

Our political news from all parts of our State and country continues encouraging. The people are getting thoroughly awakened.

See local and commercial columns for interesting matter.

Presidential Elector.

We learn from the Madison *Journal* of yesterday, that the State Central Committee have supplied the vacancy upon the electoral ticket, occasioned by the withdrawal of Judge HOWE (who thought himself ineligible under the constitution) by substituting the name of JAMES H. KNOWLTON, of Lafayette. The choice is a good one. Judge KNOWLTON is a well-known and influential Democrat, and a zealous advocate of FREEDOM and FREMONT. His efforts and example will *tell* throughout the State and especially in Western Wisconsin.

An Extra Session of Congress.

Congress adjourned upon the stroke of 12, on Monday, and have been called together again by the President in a special proclamation, fixing Thursday, the 21st instant, as the day of assembling. The reason assigned for this extraordinary proceeding is the failure of the Army-Appropriation bill, and the cause of that failure is the obstinate refusal of the Senate to pass the bill as it comes from the House. The majority in the House had attached to the bill a *proviso*, stopping the *treason* trials in Kansas and the enforcement by U. S. arms and authority, of the "Border Ruffian" Laws in that outraged and oppressed territory. The Senate struck out this proviso.—The House insisted upon it, and the Senate would not yield. Before the differences could be arranged, the hour fixed for the adjournment arrived, and the bill, in consequence, failed.—Hence the Proclamation for an Extra Session. We trust that the House will stand fast in the position they have taken, and resolutely insist on curbing Border Ruffianism in Kansas and tieing the hands of its aiders and abettors at Washington. Let no money be voted to uphold Despotism, Oppression and Wrong. Or let the Administration be required to give bonds for its good behavior before it is trusted with the men and means it demands.

CONGRESSIONAL CONVENTION.—A People's Congressional and Mass Convention, for this District, has been called at Racine on the 4th of September, to nominate a Candidate for Congress and a District Elector. The *Free Democrat* objects to the time, as being the day after the Legislature re-assembles. We think the objection well taken and suggest to the Committee that they fix the time one week later, to wit, the 11th of September. The place is all right.

THE KANSAS PRISONERS.—Judge McLEAN states that he refused the application for the writ of *habeas corpus* for the Kansas prisoners, because there was no ground for it on the face of the papers, and that the counsel obtained leave to withdraw the papers for the purpose of amending the return.

More Ruffianism at Washington.

The telegraph reports another brutal assault in Washington by one member of Congress upon another, to punish "free speech." It appears that Gen. GRANGER, of N. Y., and Mr. McMULLEN, of Virginia, were conversing about politics, when the latter, taking offence at a remark of the former (comparatively an old man) made a violent attack upon him. The House at once appointed a Committee to investigate the matter. Since the triumphant re-election of BROOKS and KEITT, the twin bullies who assaulted Senator SUMNER, the Southern members have doubtless come to regard fists, clubs, bowie knives and revolvers as the proper antidotes for "Free Speech" at Washington, and the best passports to popular favor at home.

Rumored Affrays in Kansas.

The St. Louis *Republican* of Monday morning has an account of an attack upon the town of Franklin, Kansas, by "some two hundred abolitionists," who burnt a house, captured a cannon, killed or wounded four pro-slavery men and did all the mischief they could. The account adds that six of the "abolitionists" were killed, while a later version puts their loss at seventeen. It is also reported that "Lane's regiment of 800 men had entered Topeka."

The Chicago Democratic *Press* of yesterday copies the *Republican's* story and adds the following:

We are informed by a gentleman who was in St. Louis on Sunday afternoon, and who conversed with several passengers on board of the *Genoa*, which brought the news, who assured him that the above report was mere idle rumor—without foundation. There was one rumor prevailing at Westport of which the St. Louis papers say nothing—to the effect that a company of Missourians had attacked Col. Lane and his party, but the Missourians had to return with a loss of thirty men, killed and wounded.

Both the Missouri *Democrat* and the *Intelligencer*, caution their readers against placing reliance in the reports, as they come through doubtful sources; but the *Republican*, true to its Border Ruffian instincts, gives them forth to the public as truth.

The People Stand by Them.

The Republicans of the Cleveland District, Ohio, have just re-nominated, by acclamation, their able and faithful Representative in the present Congress, the Hon. EDWARD WADE. In the Ashtabula District JOSHUA R. GIDDINGS, the Patriarch of the House and the long-tried and steadfast friend of Freedom, is also re-nominated.—Both of these true men will be elected by enormous majorities. The people will stand by their faithful Representatives.

In this State, we confidently look for the re-nomination and re-election of Messrs. WASHBURNE and BILLINGHURST, our two Republican Representatives, who have, during the late session of Congress, proved their faith by their works and deserved well of the people. In this District, now represented by Mr. WELLS, the Barstow wing of the Democracy, who assumes to be *the* party of the State, are doing their best to *oust* Mr. WELLS and nominate one of their creatures in his stead. Whatever be the result of this family quarrel, the Fremont men, if they make a judicious nomination and a vigorous fight, will elect their candidate and thus secure to Wisconsin an unanimous delegation in the next Congress.

SECRET PLEDGES.—In this country of newspapers and speechmakers it is next to impossible for a candidate for office to keep secret the thousand little winning ways which he uses to induce the many-minded people to vote for him, so that the game of the Buchanan men is thoroughly understood. At the South, where they naturally expect their strength if anywhere, they are tinkering up the Cincinnati Platform—which *is* Mr. Buchanan—in such a manner that no pro-slavery man can doubt the Candidate's entire subserviency. No one in the northern States has doubted the fact.

One of the little planks lately nailed to the Cincinnati structure, was put on by Mr Barksdale, Congressman from Mississippi, who said that "he was authorized to say, if Mr. Buchanan was elected President, he would *veto any bill which Congress might pass contemplating the restoration of the Missouri Compromise*, or the principles which it recognized."

No member of Congress has ever ventured to identify Mr. Buchanan with a single sentiment favorable to Freedom. He is too well known, by his own declaration, to be "the Platform," and that proposes to stand back, and let Slavery push forward at its will.

The Rulers of California.

Late California papers contain a long and very interesting Report made under the direction of the Vigilance Committee, giving some idea of the outrageous abuses suffered by the people at the hands of the gang of scoundrels who have, by fraud, obtained and held rule in that State. The *Alta California* says: "It developed an amount of fillibustering upon the community absolutely startling even to those well posted up in regard to official rascality. Hundreds of thousands of dollars have been wasted, without authority of law, on the shoulder-striking New York villains in our midst. Such fellows as Casey and Billy Mulligan were found to have been in possession of sinecures of $250 per month and upwards. In one instance, $23,000 had been allowed for the copy of records which had never been compared, and were found full of errors. Every Sheriff had held possession of his office-papers and books, instead of passing them over to his successor. The County Recorder, Jim Grant, of New York—Bennett's barber—had charged $7000 for making an index to the records, which it was his duty to do without extra pay, and which anybody else would have done for an eighth of the sum. The Coroner had charged the city $75 each for the inquests and burials, picking up the same man two or three times in the waters of the bay, claiming him always to be a new victim to the man holes in the planked streets."

THE "SECTIONAL" CANDIDATE.—The Waukesha *Plaindealer*, rejoicing over the Buchaneer prospects in Kentucky, Arkansas, North Carolina &c., says:

> The South is a unit on the great issue to be decided at the Presidential election in November. No candid man now undertakes to say that Mr. Buchanan will lose the vote of a single Southern State. All right down South in November!

Very like, and why? Because Mr. BUCHANAN is pledged to the interests of Slavery, and upon every question affecting those interests, the South always has been and always will be "a unit." The *bogus* Democracy think this all right. And yet when the North unites for FREEDOM, as the South does for *Slavery*, their orators and organs, from one end of the country to the other, cry out "*Sectionalism*," "*Disunion*," "*Treason*," &c. Can the FREEMEN of the North be duped by such shallow devices?

THE POLITICAL PRESS—The N. Y. *Herald*, which has been engaged for some weeks in preparing a table of the names, circulation and political position of the papers on its exchange list, and such others as it has been able to gather, publishes the following figures:—The whole number of papers is 755, which are thus classified:—Buchanan, 296; Fremont, 324; Fillmore 125. Circulation of Democratic journals, 450,400; circulation of Fremont journals, 702,652; circulation of Fillmore journals, 176,371.

Conflicting Battle Cries.

"Fremont is a Catholic," shout the Fillmore men.

"Fremont is a Know Nothing," scream the Buchaneers.

"Fremont is an Abolitionist," say the Southern Ebo-shins.

"Fremont is a Slaveholder," reply the Black Democracy of the North.

"And he played on a harp of a thousand strings."

A COINCIDENCE.—Geo. Geddes, S. Seymour and John B. Jarvis, the three candidates for State Engineer on the New York tickets of 1847, are now all for Fremont and Freedom. So they go.

Fremont's Position.

The friends of Mr. Fremont think that by the cry of "Fremont and Freedom" they can blind people to the real position of their candidate.—The Mariposa candidate has never given any evidence that he was for free States by any one single act or work of his own.—*News, of yesterday.*

The *News* counts largely upon the credulity of its readers, if it expects them to believe such statements. Col FREMONT has repeatedly "given evidence," by word and act, that he was for Free States, and against the extension of Slavery. He has himself always opposed the institution of Slavery. He never would *own* a slave, though born and reared in a slave-holding country. He contributed largely to bring California into the Union, as a Free State, and because of his efforts, was proscribed by the Southerners settled there. In his letter to the great meeting in New York on the Kansas question, which was held some time before the Philadelphia Convention, he used this language:

> "*I heartily concur in all movements which have for their object to repair the mischief arising from the violation of good faith in the repeal of the Missouri Compromise. I am opposed to Slavery in the abstract, and upon principles sustained and made habitual by settled conviction. While I feel inflexible in the belief that it ought not to be interfered with where it exists under the shield of State Sovereignty, I am as inflexibly opposed to its extension on this continent beyond its present limits.*"

The Philadelphia Convention, which nominated Col. FREMONT, resolved "for Free States" in terms as explicit as the language affords, and Col. FREMONT, in accepting the nomination, heartily and emphatically endorsed their platform. In short, Col. FREMONT, as every man knows, is the chosen champion of that party, which opposes the extension of Slavery; while Mr. BUCHANAN is the accepted candidate of that party which forms this extension. The question between them is simply the question of FREEDOM OR SLAVERY. Let the people decide which they will have.

Correspondence of the Sentinel.

Sauk County on Fire—3 000 People in Grand Council.

BARABOO, Aug. 16, '56.

MESSRS. EDITORS:—To-day has been a grand day for Baraboo—never as many people together here before. At about ten o'clock this forenoon the sturdy yeomanry of the county were seen approaching the Court House Square from every direction. At 11 o'clock the delegations from the several towns came into our village with music, flags and banners to the breeze, in large processions—many and many were the six horse teams loaded with Free Men and Free Women, with banners with various emblematical mottoes and devices.

Among others which came in was "the South Carolina Delegation," led in by Davy Atchison, Stringfellow and Col. Buford. They carried a banner and various devices—such as "*We'll subdue you*"—"*The foundation of our institutions*"—a whiskey barrel, and Governor Shannon with the delirium tremens, &c.

The characteristic speech of Atchison was delivered; in short it was a complete Border Ruffian exhibition, backed up by the Administration. Some of the old Hunkers here were fighting about the Border exhibition, but there are not enough of them here to do any harm or good.—You know a hit bird always flutters; this South Carolina Delegation they didn't fancy so far North.

At a little before twelve o'clock the ladies of our village presented a beautiful flag, with the inscription, "Independence and Liberty," "Fremont and Dayton," to the Fremont Club of Baraboo, with an address on behalf of the ladies by Mrs. Doctor Noyes, and responded to in behalf of the Club by Rev. Mr. Cochran.

At 2 o'clock P. M. the crowd began to gather at the Speakers' stand, near the Square, and at about half past two, quiet was restored and Hon. DAVID NOGGLE, of Janesville, spoke with thrilling effect to the vast assemblage for two hours, all were satisfied that they had partaken of a feast.

Many who have been what are called Democrats were strengthened in the faith that Fremont is the only true Jeffersonian Democratic candidate in the field for the suffrages of the people, and that he is truly the people's candidate.

The Black Democracy will get a majority in but two towns in Sauk County this Fall. Please set Sauk County down for 700 majority for Freedom, Fremont and Dayton.

Attacks on the Patriot Hecker.

Extract from the "*Gradaus*" or "*Hahn*," a German tri-weekly Buchanan campaign paper, edited by Otto Kupplus, Milwaukee.

"Hecker's dwelling and farming buildings are all burnt down to the ground. Hecker was absent at the time, and held a Republican meeting at Belleville. If Hecker by chance had been a Democrat, and should he have labored thus as now for the Republican cause, the priests most likely would have preached from all the pulpits—Behold! this is God's finger!" As it is, the *Hahn* merely remarks:—"*If Hecker had remained at home on his farm, and had he not preferred to play the prophet, this calamity probably would not have taken place.* Where the eye of the Lord is not, there the cattle perishes, says Andres, and this is said in no unkindness to the unfortunate man. The Republicans have collected so many thousands of dollars, not *one cent* of which has been delivered over, but that money is used now, to make capital for Fremont and buy up newspapers, so that there need be no surprise, if Hecker's house and barns are soon to be re built, and better than ever. The great Hecker will never be in distress, etc., etc., etc."

Then, shame! where is thy blush? Echo answers, where? But, whom the gods wish to destroy, they first make mad. H. J.

August 19, 1856.

THE "ROTARY" AT FAULT AGAIN.—The Madison *Patriot* of Monday "unqualifiedly pronounces FREMONT a Know Nothing." This is an "unqualified" falsehood. To prove it, the *Patriot* reproduces a paragraph from the New York *Herald*, of June 14th, stating that Messrs. BAKER, DAVIS and SUTTON, of Massachusetts, a Committee of the Massachusetts delegation to the seceding North American Convention in New York, had called on Col. FREMONT, and that he had expressed his approval of the main features of their platform, and promised to carry them out. This "proof" was met and rebutted, when first published, by the following card in the New York *Tribune* of the 16th June, appended to the *Herald* paragraph:

> The above statement is false. No pledges were made by Col. Fremont—no one asked from him.
>
> ELIHU C. BAKER,
> TIMOTHY DAVIS, } Of Massachusetts
> WM. SUTTON,
>
> Astor House, N. Y., Monday, June 16, '56.

We wait to see if the *Patriot* will correct its "unqualified" mis-statement.

TWO WAGERS OFFERED.—Mr. William J. A. Fuller makes the following offer through the columns of the *Herald*:

> Two matters have entered largely in the present Presidential campaign, which I wish to dispose of by applying the *argumentum ad hominem*.
>
> 1st. I will bet $5,000 that John C. Fremont is not, and never was, a Roman Catholic.
>
> 2d. I will bet $5,000 that he is not, and never was, a slaveholder.
>
> The money will be deposited with Duncan, Sherman & Co. whenever any party signifies his acceptance of either one or both of these wagers. Yours, for freedom, W. J. A. FULLER.
>
> P. S.—I have sent an autograph copy of this challenge to the New York Express.
>
> New York, August 14, 1856.

MILLARD FILLMORE AND PRESTON S. BROOKS—REMARKABLE COINCIDENCE.—Mr. Fillmore said in Albany, that "THE SOUTH WILL NOT SUBMIT FOR A MOMENT" to the election of Fremont and Dayton; and Brooks said, the "people of fifteen sovereign States WILL NEVER PASSIVELY SUBMIT if the strength of the Fusionists in the Lower House of Congress becomes augmented by the Presidential Power."

The Three Platforms on Slavery in the Territories.

THE DEMOCRATIC PLATFORM.

The American Democracy recognize and adopt the principles contained in the organic laws establishing the Territories of Kansas and Nebraska, as embodying the only sound and safe solution of the "slavery question," upon which the great national idea of the people of this whole country can repose in its determined conservatism of the Union—NON-INTERFERENCE BY CONGRESS WITH SLAVERY IN THE TERRITORIES OR IN THE DISTRICT OF COLUMBIA.

THE "AMERICAN" PLATFORM.

The recognition of the right of the native-born and naturalized citizens of the United States, permanently residing in any Territory thereof, to frame their constitution and Laws, AND TO REGULATE THEIR DOMESTIC AND SOCIAL AFFAIRS IN THEIR OWN MODE.

THE REPUBLICAN PLATFORM.

Resolved, That the Constitution confers upon Congress sovereign power over the Territories of the United States, for their government, and that in the exercise of this power, it is both the right and duty of Congress to PROHIBIT IN THE TERRITORIES THOSE TWIN RELICS OF BARBARISM, POLYGAMY AND SLAVERY.

Will the reader take the trouble to scan these three Resolutions? He will find the first two substantially identical, and the latter the only true PLATFORM OF FREEDOM.—*Alb. Jour.*

Fremont Meeting at Shullsburg.

In pursuance of a call, the Republicans of Shullsburg, Lafayette Co., met *en masse* in the Court House of said village, on the 13th inst., and on motion E. Weatherby was appointed Chairman, and W. W. Alderson, Secretary of the meeting.

Hon. Jas. H. Knowlton addressed the meeting. He discussed the merits and demerits of the Cincinnati and Philadelphia Platforms with that calm, clear, and decisive ability for which he is so deservedly renowned. At the close of the address, he offered to debate (in public) the annexed propositions with any gentleman in or out of the United States:

SHULLSBURG, Aug. 14, 1856.

I will discuss with any gentleman the following propositions involved in the Cincinnati and Philadelphia Platforms, viz.:

1st. Has Congress the power, by legislative enactment, to make laws for the government of the Territories of the United States, whether acquired by discovery, treaty, conquest or purchase?

2d. Has Congress the power by positive legislation to prohibit Slavery in the Territories of the United States?

3d. If Congress has the power to prohibit Slavery in the Territories of the United States, is it its duty to do so?

4th. Had Congress the power to pass the Fugitive Slave Act of 1850?

On the three first propositions I will take the affirmative; on the 4th and last, the negative.

JAMES H. KNOWLTON.

The following were unanimously appointed delegates to attend the County Convention at Avon on the 23d inst.:

Abs. Townsend, E. Weatherby, H. A. Tucker, George Verden, Robert Trestrail, George Hayden, George W. Lee, J. K. Williams.

A motion was made

That, Provided any vacancies occur, the delegates shall fill the same with others, or, failing thereof shall have the power to cast the full vote at the Convention.

After a vote of thanks to the Speaker, the meeting adjourned.

W. W. ALDERSON, Sec'y.

Who are the Disunionists?

By Senator Butler, of South Carolina—

"I do not make the salvation of the Union the paramount question."

By Preston S. Brooks, of South Carolina—

"The people of fifteen sovereign States WILL NEVER PASSIVELY SUBMIT, if the strength of the fusionists of the lower House of Congress becomes augmented by Presidential power."

By Senator Mason, of Virginia—

"It is time the yoke was thrown off and the question settled."

By Fillmore, the K. N. candidate—

"The 'SOUTH WILL NOT SUBMIT FOR A MOMENT' to the election of Fremont and Dayton.

By Toombs, of Georgia—

"OUR DANGER IS NOT FROM ABROAD—IT IS AT HOME. THE ELECTION OF FREMONT WOULD BE THE END OF THE UNION, AND OUGHT TO BE."

Freedom and Fremont in Kentucky.

A prominent citizen of Kentucky, and formerly a leading man in the Democratic party, writes from Louisville to a citizen of Cleveland, Ohio as follows:

"I sometimes think (and seriously too) that after all I shall have to pack up and go to a Free State. Twenty years of the experience of Slavery (and under its most favorable aspect) only confirms me in the opinion that it is evil, only evil, and that continually. I have recently had occasion to travel considerably in the interior of this State, and its blighting influence meets one at every step. The curse of God is upon it. We have a Fremont electoral ticket in this State, and I am for Fremont, heart and hand, and am doing what I can for the cause. There are very many of our most respectable citizens who are favorably inclined to the Republican cause; but are afraid to come out. However, the cause is gaining every day, and if the Free States will do their duty, and elect Fremont, Kentucky will get right in due time. I received a letter from C. M. Clay to-day. He is in fine spirits, and says the cause is gaining in the interior of the State fast."

COL. FREMONT'S RELIGION.

Last Excuse Taken from his Villifiers.

NEW YORK, Aug. 9, 1856.

To the Editor of the Rochester American:

I perceive in your paper of the 7th inst., the following comment upon my letter to E. D. Mansfield:

"Mr. Raymond closes by saying of these statements, that Mr. Mansfield "is quite at liberty to make them public, and to add that *they are given* as the result of conversations with Col. Fremont, himself."

"Conversations" with whom? Mr. Raymond is *careful not to say that the conversations were with him.* He merely gives the rumors as they have reached him, but does not say that he has had a word of conversation with Col. Fremont himself."

If I had foreseen the possibility of so small a cavil as this, I should certainly have precluded it by greater precision of language. As I failed to do so then, I trust you will permit me to supply the omission, and to add to the statements contained in the original letter, the further fact, that they were all given AS THE RESULTS, AND ON THE AUTHORITY OF CONVERSATIONS HAD BY ME, WITH COL. FREMONT HIMSELF.

Of course, I do not expect that this addition will have any effect upon the incredulity of those who are determined not to be convinced. It is not for them that my letter was written, or that this explanation is added.

Yours,
HENRY J. RAYMOND.

FOX RIVER IMPROVEMENT.—The last number of the Neenah *Conservator* contains an amusing journal of a trip from Menasha to Green Bay and back in a small sail boat. From the narrative we are led to suppose that boats passing either way have "hard sledding"—literally—for the "*Julia*" seems to have been towed around one of the locks by a yoke of oxen; and we understand that, on account of the low stage of water, no vessels have been able to get through for some time.

OSHKOSH DEMOCRAT.—Mr. MITCHELL, who has ably filled the post of editor of this staunch Republican paper, has retired. Messrs. MARKLAND and FELKER are the present proprietors. In order to labor more efficiently in the good cause, they propose to establish a Daily issue, during the campaign at all events, and we wish them success in the enterprise.

SUICIDE AT CHICAGO.—A young German, named Philip Leyendecker, committed suicide in Chicago, Monday evening, by taking laudanum. He was about 19 years of age, and the *Press* says had lived in Milwaukee. The reason assigned for the fatal act is, that he was in debt and discouraged about getting along.

TIMELY RAINS.—The rain of Monday afternoon and evening, extended, as far as we can learn, pretty much all over the State, doing great good. The drought, however, had continued so long that much more rain is needed to satisfy the thirsty earth.

Circulate the Documents.

Henry Ward Beecher, in *The Independent*, urges the friends of Freedom to send abroad the documents necessary to shed light upon the questions pending before the country. We extract:

"1. Let every neighborhood expend a dollar and a half for Reynold's large *Political Map*, to be hung in some public place. Let the small pocket map be distributed in factories, and let it be a pocket companion to those who are engaged in *Talking*.

"2. *Campaign papers* should be circulated.—The Semi-Weekly *Tribune* can be had till after the November election for *sixty cents*. Put one of them into every knot of eight or ten men. If they cannot pay for it, let it be given. *The Evening Post* can be had for the campaign for a dollar. We mention these because we happen to know their terms. But let men make selection from papers in their own cities or neighborhoods.

"3. Let documents be procured. Many may be had from representatives at Washington. But the *Tribune series* is exceedingly valuable.—There are seven already issued, viz: *Life of Fremont*; *Report of the Congressional Committee upon Kansas Outrages*; *Laws of Kansas*; *Sumner's Speech*, '*The Crime Against Kansas*;' *Seward's Speech for the Immediate Admission of Kansas as a State*; and Buchanan illustrated by himself and friends. For *ten dollars* you may procure a *thousand* copies of either of these, and less quantities in like proportion, with exception of Sumner's Speech, the Kansas Report, and the Life of Fremont, which cost twenty dollars a thousand.—Men may order copies of each, and then, upon examination, select such as are most required in their neighborhood. It will, however, be safe always to include in the order: 1. The Life of Fremont; 2. The Laws of Kansas, to which is added the three platforms of the Democratic, the American, and the Republican parties. The pamphlet has a map upon it of the United States, showing the division of the land between the Free and Slave States. 3. The Congressional Committee's Report upon the outrages in Kansas. These three are full of facts. The speeches of Collamer, Sumner and Seward are also exceedingly able.

"It is a great deal better to give five dollars for five hundred of these tracts, than for poles and banners. We have no objection to banners and transparencies, but first the food for the mind and then attraction for the eye. *It is not enough to get a man's vote.* In America, elections are times of national education. Men read and think more of public affairs in four months than in four years of ordinary life. Every man who is led to vote right should do it through a process that will leave him a better informed and a more intelligent man all the rest of his life. We wish the success of the Republican party by an educating enthusiasm.

"Let every man who wishes to do something, sit down while the feeling is on him, now, before he finishes this article, and send ten dollars, or five, or one, or even fifty cents, to Greeley & McElrath, for documents. Read them thoroughly, then circulate them, lend them, or give them away.

"In this work women may be even more efficient than men. There are few, even of those who labor for a living, that cannot circulate a hundred of these cheap tracts. Do not let this matter drop. Never go out without something to give away. But in this work there ought to be regularity and concert. Let every school district be taken. Let every family in it be persuaded to buy, to borrow, or to accept papers and tracts.

"This work should not be deferred till October. Let it be done in August. We want a foundation of knowledge on which to raise a right enthusiasm. Undermine wrong by diligent work, put in knowledge for powder, and in November touch off the train and blow the bastions of outrage and wickedness to atoms!"

Wisconsin and Her Rail Roads

The N. Y. *Tribune* of Friday last, in its money article, has the following remarks upon the rapid progress of our several Wisconsin Rail Roads:

No State in the West is pushing her system of railroads with more vigor or better success than Wisconsin. The recent munificent land-grant made by Congress will furnish the means of extending and completing several important lines of road, leading north and west from Milwaukee and Madison, and the approaching session of her Legislature, by which an appropriation of the granted lands will be made, is regarded with deep interest. Among the companies necessarily to derive advantage from this grant is the Milwaukee and Watertown, whose line is now in operation from Milwaukee to the City of Watertown, and will be opened to Columbus, 64 miles from Milwaukee, by the 1st of October. From thence to Portage City, on the Wisconsin River, is but 26 miles. In connection with this road, the line from Watertown to Madison, a distance of 33 miles, has been put under contract, and the work is being prosecuted with a certainty of being finished early next Summer. This will open by far the shortest route between Milwaukee and Madison, being but 78 miles. As the principal land-grant road, by the terms of the act of Congress, must start either at Columbus or Madison, and run thence, by way of Portage, to St. Paul, the completed lines of the Milwaukee and Watertown Road will necessarily unite with the land-grant road at one or all of these points, and constitute its *main trunk* at the eastern end. The Milwaukee papers speak in high terms of the prospects of this Company, and of the high character of its Directors, as men of character and ample means. They speak also of this year's crops of wheat and other grain, as being more abundant and of a better quality, throughout the State, than has ever been known before; and we may look for an increased business on all her railroads during the ensuing Fall.

THE "STAMPEDE" FOR FREMONT AND FREEDOM.—The Detroit Daily *Advertiser* of Saturday last, notices the following important accessions to the FREMONT ranks:

Hon. Randolph Manning, Secretary of State under John S. Barry, and afterwards Chancellor of Michigan, one of the staunchest and most prominent Democrats of the Old School, in Michigan, came out for Fremont and Freedom, in a noble speech on Wednesday night, before the Fremont Club at Pontiac.

Hon. Oel Rix, of St. Clair, formerly a Democratic member of the Lower House, and afterwards of the Senate of Michigan, is President of the Fremont Club of St. Clair.

Hon. Digby V. Bell, Auditor General of the State of Michigan in 1837, a staunch and talented Democrat, is one of the most active and influential Fremont men in Chicago.

Hon. Charles G. Hammond, Auditor General under Gov. Barry, and Collector of the port of Detroit under Polk, is a warm Fremont man.

THE NEW YORK ELOPEMENT CASE.—The Paris correspondent of the New York *Times* writes as follows, respecting the daughter of the New York ex-Collector of Customs, and the army officer with whom she eloped a short time since:—

"A gentleman and lady in high life lately left New York in company, and under circumstances well calculated to give rise to disagreeable scandal. The same party stopped for a few days in Paris under circumstances little calculated to relieve them from the suspicions which already followed them. A brother of the lady has passed through Paris in pursuit of the fugitives, declaring his intention of shooting the destroyer of his family's honor, at first sight. The parties formerly resided in this city; they are as well known here, perhaps, as in New York, and it would be impossible to describe to you the pain and the surprise which this event produced."

CATCHING AT STRAWS.—The Argus of Saturday makes a great flourish over a meeting at Platteville, and announces with wonderful display, that John H. Rountree, an old line Whig, had declared for Buchanan. This sounds well, but the beauty of the thing is much diminished by the fact, that it is about six years since Mr. Rountree left the old Whig party and united his fortunes with locofocoism. He is a native of the South and has ever been strongly pro-slavery in his notions and his right place is with the Democracy. He was President of the Convention that nominated Otis Hoyt for Congress two years ago, which Convention approved of the Kansas Nebraska bill, and of the Administration of Frank Pierce in the strongest terms. He was also a candidate for the State Senate last fall, against J. Allen Barber. The Argus had better announce that Wm. A. Barstow, A. F. Pratt, A. A. Bird and hosts of others of like kidney, "old line Whigs" have came out for Buchanan. All these men belonged to the old Whig party almost as recently as did Mr. Rountree. Such accessions will hardly save the party from destruction.—*Madison Journal.*

New-England's Rally!

A Song for the Times.

BY REV. FREDERICK H. HEDGE, D. D.

Hear, O! New-England, arouse thee and rally!
Tyranny threatens, and foemen invade;
Call, from Mars Hill to Connecticut valley,
All thy six nations to counsel and aid.

First on the State-roll, from river to river,
Sound the alarm-cry, ocean-bound *Maine!*
Bid thy brave children make haste and deliver
Soil yet unsullied by Slavery's stain.

Rock-ribbed *New-Hampshire*, withhold not thy thunder;
Swift be thine echo to Liberty's call!
Pride of nature, take thy white peaks from under,
Let the dark dynasty crumble and fall.

Thou of the charge needest none to remind thee—
Thou, O! *Vermont*, needest none to incite;
Danger and trial unshaken shall find thee,
Firm as thy hills in defence of the right.

Old *Massachusetts*, back-bone of the nation!
Liberty's cradle, be true to thy fame!
Think of thy sires till the new generation
Rival in lustre each time-honored name.

Canny *Connecticut*, calmly comparing
Freedom and bondage as sources of gain,
Know that true wisdom consists in wise daring,
Know that true valor hath profit in train.

Sister *Rhode Island*, we claim thy alliance,
Little in stature but mighty in soul!
Worthy compeer in this holy alliance,
Crown and complete the invincible whole.

So! ye six nations, stand shoulder to shoulder!
Freedom and Justice rely upon you;
Freedom is safe while your strong arms enfold her,
Justice shall live while New England is true.

Marine Intelligence.

THE NORTH STAR SAFE.—The steamer *North Star*, about which some apprehensions were felt, arrived at Detroit, Saturday, in tow of the steamer *Planet*, from Lake Superior. The *North Star* was disabled by the breaking of her machinery, and goes to Cleveland for repairs.

GOT OFF.—News has been received that the schooner *Denmark*, recently ashore at Bailey's Harbor, was got off safely by the steam tug *Morton*, and was seen riding at anchor. The *Morton* proceeded thence to the relief of the *Pilgrim*, on Helena's Island.

ABANDONED.—The steam tug *Rescue* arrived here yesterday from the wreck of the schooner *Kate Hayes*, near Mackinack, on Lake Huron. We learn that it will be impossible to set that schooner afloat again, as two of Palmer's steam marine pumps cannot clear her of water. She has shifted round somewhat from her position on the rocks. The balance of her original cargo of wheat will, of course, be lost.—*Detroit Free Press, Aug. 17.*

THE NEW BEACON LIGHT.—We are pleased to notice that the new beacon, in course of erection upon the reef, is nearly completed. The lantern has been placed in position, and only awaits the illuminating apparatus to enable it to fulfil its important destiny. The light will be a Fresnel lens, with flashes, to distinguish it from the fixed, bright light at the head of the south pier. With these two lights, combined with that at Black Rock, seamen will be at no loss to make out the entrance to our harbor, or the courses and distances necessary to be known before attempting the somewhat intricate navigation of the river.

For the speedy completion and durable character of the work, the lake interests have to thank Capt. Woodruff, of the Topographical Engineers and Light House Board, an officer in whom are combined native talent, scientific culture, love of his profession, and strict regard for the interests of the public.—*Buff. Ex.*

STEAMER WELLAND BURNED.—We learn from Capt. Dobbins that a despatch was received this morning, stating that the fine steamer *Welland*, belonging to the Port Dalhousie and Thorold Railway Co., was burned at her dock, Port Dalhousie, this A. M. She was valued at about $60,000, partly insured. Particulars not ascertained.—*Buff. Rep.*, 15th.

COMMERCIAL.

THE MARKET, &c.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, August 19, 1856.

Received by Mil. & Miss. R. R.—10 bbls flour, 3,319 bus wheat, 240 do oats, 1,058 do corn, 4 cars stone.

By LaCrosse & Mil. R. R.—770 bus wheat, 18 bbls flour, 80 tons iron ore, 20 half bbls beer, 2000 lbs sundries.

Better receipts yesterday, and as the probability of the movement here to procure clean wheat had reached the country buyers some time since, we found the lots in much better condition, though several samples were shown which were inferior to others by 5 to 8c per bushel, only from the amount of oats, &c., contained in them.

At the Corn Exchange, yesterday, C. HOLLAND, an experienced judge of wheat, and a man in whom all have confidence, was appointed Inspector, and Messrs. HOLLAND, HIBBARD and STOKES were appointed a committee to prepare the standard samples of wheat, to be used in carrying out the regulations published yesterday, which go into effect on Friday.

Wheat sold, yesterday, for $1,00a1,06 for spring, the lots being much better than those of the day before.—Thus, too, in spite of the news of a decline abroad. The winter wheat offered sold at a wide margin, $1,00a1,25, the outside figure for a very handsome sample.

CORN—more plenty, and ready sale at 48a50.
OATS—30a33.
RYE—60a62
BARLEY—90a1,00 for all grades.
POTATOES—selling at 62½a75c.

The late rain has done a great deal of good, so far as it extended, but the corn and potatoes are injured in many sections very much.

CLEAN YOUR WHEAT!—The Janesville *Free Press* copies what we said about the new Wheat, brought to market here, and the indispensable necessity of cleaning it more thoroughly, if the reputation of our Wisconsin staple is to be maintained, and thus rejoins:

> "The above we clip from yesterday's *Sentinel.* It speaks the whole truth in a few words. The only question is, does the missing "back-bone," originally belonging to the Northern dough-faces at Washington, now make a component part of the wheat buyers of Milwaukee? If so, then is all O. K. They will find most of the country buyers to second their efforts in this matter. The Milwaukee dealers are the original authors of all this trouble about dirty wheat. They commenced buying on the platform, often taking all there was in, good, bad and indifferent, at one price, and often giving tickets for the whole lot, without seeing any. Such being the case, most of the wheat was bought at one price, without regard to quality. Since doing business here, we have bought over 1,000 bus screenings from one of our mills, sending it into Milwaukee and selling it as screenings, at screenings prices, and there it has been mixed in the warehouses with wheat to reduce the average cost of the whole.
>
> Such mixings of wheat, with the scandalous proceeding of the New York inspectors of flour in stamping as superfine, flour not fit for human food, is enough to destroy our credit anywhere. Our farmers all understand the talk about buying clean wheat this fall. Let the move now commenced be kept agoing, and wheat be bought in Milwaukee according to its quality and cleanness, and there will be no trouble in the country."

Without stopping to argue the question of fact, raised by the *Free Press*, we content ourselves with the remark that, since both country and city, buyers and sellers, are *now* agreed to the imperative necessity of marketing wheat in good order, it is to be hoped that all will unite, in good faith, in the effort to carry out the resolutions of our Corn Exchange, and thus establish standards of quality and price by which a proper discrimination may hereafter be made between clean and dirty wheat. *All* parties will profit by adhering strictly to this determination.

Fever and Ague—Certain Remedy.
NO MORE USE for Tonic Mixtures, Quinine, Fowler's Solution; Arsenick, Mercury, or any of the villainous nauseous compounds, which only relieves one disease to implant another more deadly, and which sends its unhappy victims finally with a wrecked and broken constitution, to an early grave. Try Carter's Spanish Mixture, which contains none of these dangerous drugs, but cures by acting specifically on the Liver, purifying the blood and strengthening the system, thus enabling nature to recuperate her exhausted energies, by opening the pores of the skin, and expelling from the body all impurities and old medicines, which clog and retard its free operation.—More than one thousand persons have been cured by Carter's Spanish Mixture, after every thing else had signally failed. As a sample of its remarkable effects, Messrs. Davis & Hicks, of Autaugaville, Ala., write us that it cured a gentleman of Chronic Fever and Ague, which all the efforts of physicians and their remedies could not subdue. He only took three bottles. They say it sells very rapidly, and maintains its high reputation all through the country. aug5dlm

JULIUS A. JEGER says:
NEW ELIZABETH, Hendricks Co., Ind., June 24, 1854.—"I should like you to send me a lot of your German Bitters. I know them to be a valuable medicine, deserving all the reputation they have acquired. I have used them in my own family, and they have proven a *certain remedy* for eradicating the *fever and ague*. I have used them successfully for two years."
WILLIAM NORTON says:
HUNTINGTON, Ind., Sept. 20, 1854.—Send me another supply of Bitters immediately. They sell rapidly and give the most unbounded satisfaction in every case. I do not know of but one instance in which I have sold one bottle, that the person did not return for more, and in that case, the *one bottle cured the person.*"

THE DAILY SENTINEL.

Wednesday Morning, Aug. 20.

CITY MATTERS.

FOURTH WARD FREMONT CLUB.—The Republicans of the Fourth Ward, and in favor of the election of Fremont and Dayton, are requested to meet in Concert Hall, next Friday evening, the 22d inst., at 7½ o'clock, to form a Fremont Club, and organize for the Presidential campaign.

By order of the Vigilance Committee.
Milwaukee, August 19th, 1856.

POLICE COURT, AUGUST 19.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

John Carney, charged with being drunk, case continued to August 28d, at 8 A. M.

James Laver, drunk and disorderly, fined $50; Henry Tanner, drunk and disorderly, fined $3; John Hetse, et al, charged with assault and battery upon C. W. Schwartzberg, case further continued to August 26th, at 10 A. M.

George Arnold, for assault and battery upon Emma Bloch, plead guilty, and was fined $5 and costs.

MACHINE FOR MAKING SPOKES.—There is now on exhibition at Birchard's Cabinet Factory, next to the Menomonee House, a machine for making spokes, of an entirely new and very simple construction, together with a machine for cutting the tenons and completely finishing the spoke ready for driving.

The spoke, in the rough, is fixed on the traversing bed, similar to that of a planing machine, and when started, one passage and back forms one side of the spoke, of proper shape and a true taper. It is then turned over without being taken out, when the next passage completes the spoke ready for the tenon to be made, which is done in less than half a minute. By simply holding the spoke for a few seconds on a belt, a finish is put on it equal to the finest sandpapering.

The principle is a series of curved planers, on two wheels, one side of the wheel having larger planers than the other, which makes the oval, while the two wheels being brought gradually closer together than when started, form the tapering of the spoke from the hub end to the one next the felly.

The machine occupies but little room, and is exceedingly simple, both in its construction and action. We were present at an exhibition of its powers for turning out spokes, on Saturday last, and are satisfied that it will turn out a spoke a minute, finished ready for use, with tenon cut ready to be driven.

With this machine the spoke is with the grain of the timber the entire length, and is left smooth and truer in its oval and taper than when made by hand. The owner, inventor and patentee, now in the city, will guarantee its making 600 per day.

Some wagon makers of this city were present on Saturday and expressed themselves perfectly satisfied with the principle and the working of the machine.

Those who feel an interest in such a machine, calculated to save an immense amount of labor, can witness its operation at the Cabinet Shop of Mr. Birchard, next to the Menomonee Hotel, on West Water street, where it is set up and driven by steam. Wagon and carriage makers are invited by the proprietors to call and examine it.

This machine, together with the right of manufacturing the machines for the entire State, has been purchased by Messrs. Snow & Williams, wagon makers, on Main street, to whom all applications can be made.

LAW MAKERS SHOULD NOT BE LAW BREAKERS.—Of the Aldermen who voted *aye* on the passage of the ordinance, which inflicts a heavy fine *"for driving faster than a walk over any crosswalk in the city of Milwaukee,"* four drove on a trot over crosswalks yesterday.

Another man violated the new ordinance to prevent "nuisances and disorderly practices." He accidentally fell into the river, and, to save his life, swam to the edge and got out. He is liable to a heavy fine for "swimming in the Milwaukee River."

The new ordinances are not yet in force, but, when the one comes into force "for restraining and impounding cattle, and to prevent cattle, horses, hogs, dogs, goats and swine, mules and Jackasses, and fowl, and all other animals from running at large in the city of Milwaukee," what a good time the Police will have catching the chickens, rats, cats and pigeons.

We remember the time when, in the British Parliament, a member, named Richard Martin, introduced an act to prevent dogs from being worked &c. and another member, named Joseph Hume had an act passed to save the cats from cruelty, and being caught up and skinned for the furriers. At this time some wag, probably a writer for Punch, got off the following:

Oh save the dogs, Dick Martin cries,
Joe Hume says save the cats,
Perhaps some worthy senator may rise
To save the mice and rats
Or, still improving on the plan,
The honorable house
May prompt the lordly creature, man,
To shield the friendless louse.

A CARD.

At a meeting of Milwaukee Engine Co No One, held Monday evening, August 18th, 1856, the following resolutions were unanimously adopted:

Resolved, That the members of Engine Co No One tender their sincere and heartfelt thanks to the officers and members of Fire King Engine Co. No. One, of the City of Chicago, for the gentlemanly, kind and courteous manner in which we were received and welcomed by them, and for their unremitted attention, and for the bountiful supply of refreshments furnished us during the day.

Resolved, That the thanks of this Company are hereby tendered to the officers and members of the different Companies forming the parade, and for the bountiful repasts furnished at every house during the march, which showed conclusively, to us, that the well earned reputation of the Firemen of Chicago, for hospitality and good service, had been fully sustained.

Resolved, That the thanks of this Company are hereby tendered to the Chief Engineer and Assistants of the Chicago Fire Department, for the kind manner in which we were received by them.

Resolved, That the members of Milwaukee Engine Co No One will ever bear in remembrance the favors of which they were the recipients, and that whenever opportunity offers, they will show to their brothers of Chicago that they are fully sensible of the marks of kindness received, and will endeavor to promote the good feeling manifest between the two cities, on this visit to Chicago, not only by words, but by future actions.

Resolved, That the foregoing resolutions be presented to Fire King Engine Co. No. One, and published in the Daily Papers of this City and Chicago.

P. VAN VECHTEN, Foreman.
R. ALLEN, JR., Secretary.

WHY NOT HAVE A YACHT CLUB?—Sure enough, why not? One of our Buffalo cotemporaries, we believe the *Commercial*, thus discourses on the subject:

"A wet sheet and a flowing sea," the breezy sky, the gay pennants, the white sails hauled flat aft, and the little craft heeling over to the gale, the eminently graceful motion with which they rise upon the wave or sink into the trough, all combine to form a scene which is satisfying to almost any taste. The seaman loves it professionally, the citizen as a contrast to his daily walks of life, the woman from her innate sense of beauty, and the man of taste for the same reason. And the thing is in itself beautiful. It has all the elements we love in a picture, while there is a spirit of manliness in the sport which commands universal respect.

Just imagine a dozen or twenty beautiful little vessels dashing away from the stake boat moored near the pier in front of the city, making their way in full view to and around another boat off the North Point, then stretching southwards to the South Point, and thence homewards, dotting the whole bay with their clouds of canvass. Would it not be "a sight to see?" Some of these days we hope to see it. There is no finer place on the lakes than our bay for such sport.

ST. JOHN'S INFIRMARY.—We stated some days since that a site had been purchased in the First Ward for a new Hospital to be under the charge of the Sisters of Charity. Subscriptions are now solicited towards erecting the building. The persons authorized to receive subscriptions are

HON. EDWARD O'NEIL,
A. GREULICH, Esq.,
GARRET BARRY, Esq.,
G. M. FITZGERALD, Esq.,
A. H. JOHNSTON, Esq.,
L. MARNELL, Esq., and
MICHAEL PAGE, Esq.

Contributions can, also, be sent through the Post Office, addressed to St. John's Infirmary, or may be left at Arnold's Book Store.

The Sisters of Charity need no words of commendation from us. Their works do praise them. No more faithful, devoted, self sacrificing attendants upon the sick and dying are to be found in the world. Their appeal to the public, for help to build their Hospital, deserves a most liberal response.

FATAL R. R. ACCIDENT.—The crushed and mangled body of an unknown man was found upon the track of the Lake Shore Railway, Monday morning, a short distance south of the County line. It is supposed that he was a passenger on the Saturday afternoon train from Chicago, bound to Milwaukee, and that he fell between the platforms of the second and third car, while the train was in motion. The body was so much mutilated that it would be difficult to identify it. On the vest was found the name of *James Barry*. There was nothing else about the body, or clothes of the deceased, to tell who he was, or whence he came.

The body was that of a young man, about 5 feet, 7 inches in height, and well dressed. A Coroner's inquest, held before Justice Hinds of Racine, returned a verdict of death in consequence of accidentally falling from the Passenger train while in motion. The body was decently interred by direction and at the expense of the R. R. Company.

BANNER PRESENTATION.—A banner was presented to the Black Yagers, Monday afternoon, by some of our citizens. The ceremonies took place at the Milwaukee Garden, and appropriate speeches were made. The Wisconsin Rifles were present, and took part in the ceremonies, and in the evening a ball came off at the garden where the presentation took place.

VOTE ON THE CARS.—A vote was taken on the train from the West, on the M. & M. Railroad, last evening, which resulted as follows: Fremont 45, Buchanan 6, Fillmore 4. Among the ladies, the vote stood, Fremont 38, Fillmore 4, Buchanan 1.

FOR COLLINGWOOD.—The favorite steamer *Keystone State*, Capt. RICHARDS, is the regular boat for morning, starting from Higby's pier at 8 o'clock. L. D. JAMESON, Huron St., is agent.

HARPER FOR SEPTEMBER.—We are indebted to H. W. ABGER, of the News Depot, Post Office Building, for an early copy of Harper for September. It is, as usual, well filled with original and selected articles, copiously illustrated. Among the contents are "The Dismal Swamp" by Porte Crayon, "Passages of Eastern Travel" continued, four more chapters of "Little Dorritt," and a great variety of miscellany.

GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY, situated on the Wisconsin River, at the point where the Lacrosse and Milwaukee Railroad crosses the river, and must and will be the important station between Milwaukee and La Crosse.

The Wisconsin River is capable of furnishing the greatest Water Power of any river in the United States. The manufacture of lumber of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the greatest portion of this water power. The Wisconsin River abounds in pine forests which are more extensive than those any other river in the West.

The site of Kilbourn City is magnificent, being a plain rising from a bluff elevation of 50 feet at the river bank to an elevation of some 200 to 250 feet, where it meets the table land two miles from the river. The whole is Oak Openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City was laid out and buildings commenced in Sept last, since which time some 15 or 20 buildings have been erected, at a cost of from one to three thousand dollars each, and great numbers of others are in process of construction.

In fact, it would require two columns of one of our daily papers to give an adequate account of the advantages of Kilbourn City. One word is sufficient and that is this. There has been no city laid out in many years which has offered so many inducements and advantages and where capitalists can invest their money to profit only as in Kilbourn City.

To those who are emigrating to this country here is a great opportunity. Go and attend this sale, which comes off Monday, August 18th and continues from day to day through the week. Over one thousand lots will be offered. The terms of payment will be very easy. A small amount will be required down and the balance on long time, (particularly to those who intend to build.)

Kilbourn City is in Columbia Co., State of Wisconsin. You take cars from Milwaukee to Beaver Dam where you will find conveyance to Kilbourn City. Maps of said city will be ready in a few days, and can be obtained by calling at my office.

SIX O'CLOCK REPORT.

IMPORTANT FROM KANSAS!

ST. LOUIS, August 19.

Steamer Lucas arrived to-day, brings intelligence that a party of southerners who left there two weeks ago for Kansas were attacked while on the way from Kansas city to Lecompton by a large body of Abolitionists. A desperate conflict ensued, and many killed and wounded on both sides. The Southerners finally were compelled to yield to superior numbers and were driven from the field. Next steamer will probably bring particulars of the affair.

THREE P. M. REPORT.

CIVIL WAR IN KANSAS.

THE BORDER RUFFIANS ARMING AGAIN!

CHICAGO, Aug 19.

Startling news from Kansas was received this morning. The free state men have discovered an organized plan on the part of Missourians and border forces. They are concentrating men, arms, ammunition, &c., at different points of the Territory. They propose a sudden general attack to be made upon the Free State settlers immediately on the adjournment of Congress.

They are determined to expel or exterminate all Free State settlers. Twelve fortified block houses are erected at different pro slavery points, one at Shawnee, one at Ossawatomie, one at Franklin, &c., supplied with cannon, rifles, ammunition, and garrisoned principally by Missourians and Buford's men.

On the 12th a company of free State men attacked the fort at Franklin, for the purpose of securing the arms, and threatened the forces there. The garrison was stronger than they supposed, and a fight ensued, which lasted four hours. One Free State man was killed, and two severely wounded. Three Missourians were wounded, but none killed. The free State men captured the block-house, took one cannon and fifty stand of arms, mostly rifles seized at Lawrence in May last. No other houses in Franklin were disturbed. The Missourians retreated to a large camp on Washington Creek, south-west of Lawrence.—Intelligence is to the following Thursday, but no other disturbance had occurred.

A company of dragoons occupied Franklin on Wednesday morning. An extra of the Leavenworth Journal of the 14th contains a call to arms from the border towns, exciting them to a general mustering of the Missourians, as it was demanded by the pro slavery leaders of the country.

The Senate then passed several private bills.

The report of the Committee of Conference on the civil bill, was agreed to by both Houses. It gives $25,000 for the Washington aqueduct, and settles the Baltimore post office controversy by appropriating $300,000, providing for the selection of a site by commission, and rescinding the Exchange building contract.

The proviso that the construction of all public buildings, except for defensive purposes shall be under civil superintendency, was struck out.

The bill for the establishment of a naval depot at Brunswick, Ga., was received from the House, and postponed until next session.

Mr. Toombs, from the Committee of Conference on the army bill, reported that they were unable to agree. He moved that the Senate adhere to its disagreement, and notify the House, though he thought there was no chance of an agreement, and was willing to let the blame rest where they belong.

Mr. Clayton wanted to leave the door open until the last moment—it was yet possible that there would be an agreement. So long as there was the slightest hope of that result, he wanted to use conciliation. He hoped the word *insist* would be substituted for *adhere*.

Mr. Mason was willing to adhere, for he saw no chance of an agreement. He was in favor of meeting the enemy on the threshold.

Mr. Seward thought that must be figurative language, for the enemy of whom the Senator of Virginia spoke, was the House of Representatives, and that that body was in no sense an enemy of the Senate.

He (Seward) said, with all deference to the Senator from Virginia, that public sentiment was, in his opinion, the friend of Constitutional Law, and the principles on which our government is founded.

Mr. Hale referred to the freedom of the English House of Commons, by which the Sovereign is held in check, and thought if the House of Representatives were cursed with submission, we might as well give up the experiment of our government.

Mr. Clayton said if the bill was lost, the army must be disbanded, as they could not be paid and fed, in that case it would be the duty of the President to call an extra session immediately.

Mr. Toombs consented to change his motion, and let it be "the Senate insists." He said the argument held out was that the army must be disbanded if the bill failed, let it be disbanded, but keep the Constitution for the protection of the people.

The motion to insist was agreed to by 30 against 12.

Mr. Bell, of Tennessee, in reference to the report of the committee on Naval Affairs, in the case of Lieut. Bartlett, which has been understood to reflect upon that gentleman's character, stated that it was not the intention of the committee to express any opinion pro or con, but merely speaking it before the country as it existed.

HOUSE.

Mr. Acker elected in Mo., to fill the vacancy occasioned by the death of Mr. Miller, was sworn in to-day.

The Speaker laid before the House a letter from Mr. Richardson, of Illinois, resigning his seat.

Mr. Simmons, rising to a question of privilege, offered a resolution that a Committee of five be appointed to investigate the assault upon Mr. Granger by Mr. McMullen this morning, and report their action to the House on the 2d Monday of December.

Mr. Cobb, of Ga., amid great confusion, raised a point to the question of privilege involved, saying that the few remaining minutes of the session should not be consumed in making an enquiry into the assault and battery cases.

The Speaker decided Mr. Simmons' question of privilege in order.

Mr. McMullen hoped that unanimous consent would be given for the enquiry. The resolution was then adopted.

The Speaker appointed Mr. Simmons, Mr. Smith, of Va., Mr. Pettit and Mr. Fuller, of Me., as the Committee to investigate the assault.

During the proceedings messages passed between the two Houses, and the President informed each from time to time of his approval of certain bills.

The confusion occasioned was so great it was next to impossible to understand precisely what was going on in the House. The galleries and lobbies were crowded and were all excitement.

Mr. Campbell, of Ohio, from the Committee of Conference on the Army Bill, reported they were unable to agree on the amendments restricting military operations in Kansas and disarming the militia there. He moved that the House farther insist and ask the Senate for a fourth Committee on Conference.

Mr. Stevens inquired if this motion be voted whether it would be in order to move that the House recede.

Mr. Cobb, of Geo., said the only way to save the bill was to recede from the Kansas amendments.

It was now half-past 11 o'clock. Mr. Campbell's motion was disagreed to by 98 against 101.

Mr. Kunkel moved that another Committee of Conference be appointed.

The Speaker decided the motion out of order, saying that a similar question had been put and decided.

Mr. Miller asked leave to offer a resolution, the Senate concurring, that the time for adjournment be adjourned two hours, objections were made amidst great excitement. Mr. Cobb of Georgia, moved a suspension of the rules, he wished a majority to determine whether or not they would defeat the bill and let all their factitious movements be exhibited to the country.

The House at one minute of 12 refused to suspend the rules by yeas 121, nays 68, not two thirds.

The bell was ringing for 12 o'clock when Mr. Campbell of Ohio moved to take up the Senate resolution extending time of adjournment in accordance with the joint resolution fixing the hour.

Messages are being exchanged between both Houses, but the confusion is so great that it is almost impossible to understand precisely what is going on. The galleries and lobbies are crowded.

At 12 o'clock the House adjourned.

All the general appropriation bills were passed excepting the Army bill, which appropriates $14,000,000.

Many private bills failed to receive the President's signature for want of time.

There are rumors of an extra session being called in consequence of the defeat of the Army bill. They cannot be traced to any authentic source.

A resolution was passed in the Senate to extend the session to 2 o'clock but the House refused to concur.

Members lingered in the hall, some lamenting and others rejoicing over the defeat of the Army Bill.

Proclamation by the President.

WASHINGTON, Aug. 18.

There was a meeting of the Cabinet this P. M., the following was decided upon by the President:

A PROCLAMATION.

Whereas, hostilities exist with various Indian tribes on the remote frontiers of the United States, and whilst in other respects the public peace is seriously threatened, Congress has adjourned without granting the necessary supplies for the army, depriving the Executive of the power to perform his duty in relation to the common defence and security, and as an extraordinary occasion has thus arisen for assembling the two houses of Congress, I do therefore by this proclamation convene the said Houses to meet at the Capitol in the city of Washington, Thursday, 21st day of August, hereby requiring the respective Senators and Representatives then and there to assemble and consult and determine on such measures as the state of the Union may require. In testimony whereof I have caused the seal of the United States to be hereby affixed and signed with my hand. Done at the city of Washington, this 18th day of August, in the year of our Lord, 1856, and of the Independence of the U. S. the 80th.

FRANKLIN PIERCE.
By order
W. L. MARCY, Secretary of State.

The McMullen and Granger Affair.

NEW YORK, Aug. 18.

A correspondent of the *Evening Post* gives the following version of the attack by Mr. McMullen upon Mr. Granger:

WASHINGTON, Aug. 18.

As Mr. Granger, a Representative from New York, and Mr. McMullen, from Virginia, were riding in an omnibus to-day, a conversation arose on the Army bill proviso.

McMullen said the South would stand by the Constitution.

Mr. Granger replied that if they did not a Republican President would make them.

Whereupon McMullen said he would not be addressed in that way by a younger man.

Granger replied, I waive my age.

McMullen then seized Granger around the neck and holding down his head, struck two blows, drawing blood under the eyes and ear.

They were then separated by Col. Chester, of the Philadelphia *Enquirer*.

A committee of investigation was appointed by the Speaker to report the facts to the House next session.

PERFECT PROTECTION FROM THE ELEMENTS.
WEST'S
Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for a roof than any other material used, viz: Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest.—Therefore it forms a good walk on piazzas, flat roofs, cartop, steamboat decks, &c. Its fire proof qualities particularly adapt it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky lights and chimneys, and for building eave troughs, &c.

This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.

The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms.

For further information apply at the office of the subscribers, Architectural room of Mygatt & Schmidtner, corner West Water and Spring streets, or to J. Y. Cheney, one of the proprietors, No. 4 Market Square.

TO BRIDGE BUILDERS.

THE LaCrosse & Milwaukee Railroad Co. invite proposals with plans and specifications, until Wednesday noon, Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

F. M. LANE'S PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.
